The Basement Guys Promotes Kuhns to Production Manager

COLUMBUS, Ohio – Advanced Foundation Solutions, “The Basement Guys™,” recently promoted **Adam M. Kuhns** to the position of production manager.

His responsibilities include overseeing daily operations and meetings, scheduling jobs and ordering materials for the company. Kuhns has been with the company since October 2002. He was previously a mechanic and shop manager, working on maintaining equipment and overseeing daily operations for the company.

Kuhns holds a National Piering Training certification from Fasteel Systems for installing its Titan Helical pier systems, a tool used to prevent foundations from sinking. He is also certified to install Fortress Stabilization Systems, a system designed to stabilize foundations.

A Columbus native, he is a 1997 graduate of East High School. Kuhns lives in Gahanna (ZIP Code 43230).

Advanced Foundation Solutions, “The Basement Guys™,” is a leader in its industry and is the only full-service basement waterproofing and foundation repair company in central Ohio. The company serves residential and commercial customers within a 60-mile radius of Columbus. Founded in 2000, The Basement Guys™ provides basement waterproofing, foundation stabilization, piering, wall reinforcement, excavation, downspout installation and repair, sump pump replacement and repair, concrete driveways and patios, commercial drainage and site work services. It is a proud member of industry organizations such as the National Association of Waterproofing and Structural Repair Contractors (NAWSRC) and the National Association of the Remodeling Industry (NARI). For more information, visit www.thebasementguys.com.
